

Hello again Sisters and Brothers!

I hope this letter continues to find each of you safe and healthy. It seems like forever since the last time we were able to meet.

This last week I have tried to reach out to each of the Associate Conductresses across the state. I was able to speak with several and it was wonderful talking to you and hearing what each of your chapters and yourselves have been doing during this time. I will continue to reach out to those that were not available.

Covid-19 has been an experience that we all will never forget! It has turned our lives upside down and backwards. I look forward to the day that we can again enjoy each other's company. As many of you know, I really like to shop and find special things for special people. I know it won't be anytime soon, but I'm ready, willing and able when it happens.

Sitting at my work desk every day, I look out my window and everything looks the same, like nothing had happened that can put our lives in danger. Sister and Brothers, if you feel lonely and frustrated, please reach out to one of us, we are here for you; never feel like no one is there.

Some of us have been blessed to work from home and others were not so fortunate. We have several Sisters and Brothers working in the medical field, who continue to put their lives at risk to help others. Thank you for what you do, we are forever grateful! To those of you that are in retail, grocery or drive a truck, thank you for continuing to work to keep stores open and stocked for our needs. God bless and be with each of you.

Thank you also to those that write comments about our letters everyday; we do this because we care and want you to know that. I am very proud to be a member of Eastern Star, but more importantly, a member in New Mexico. Thank you for making me feel welcome.

Sisters and Brothers, "Hope is the ability to hear the music of tomorrow, Faith is the courage to dance to it today". Stay safe and healthy, until we meet again.

Love,
Christel, AGC
