

Greetings Fabulous Friends,

Here we are on Monday and, as has become the new normal, we are not meeting face to face. That doesn't mean I don't remember being with all of you and missing you just the same.

My family here in Albuquerque is determined to make me get some exercise. We have been on three hikes in the area with the grandsons and two of those with their parents. We also grabbed the grandsons who live here and drove up to the Jemez area this week. This is not my 'normal', but what do we define as normal these days? The gym is not an option, so it is good to get out and do something different.

What are you doing that you haven't done before – or for a very long time? I have heard about....

- Neighbors walking through a neighborhood and stopping to talk to people they haven't met before and commenting on the fact that they didn't realize what nice people there are in their area. Maybe you want to take a walk and see who is out these days.
- Walmart was out of bicycles and the bicycle repair shops are hopping with all the people who want their bikes repairs/cleaned/tuned. How are you entertaining yourself?
- Roadrunner Food Pantry is asking for volunteers. Is there some organization in your area that is organizing food distribution?
- It seems lots of people are cleaning their yards for spring. Going to the dump to take the trash has been a 2-3 hour excursion, but the yards look really nice.

Please let me know what you are doing that is fun and perhaps different from your routine before this pandemic. We can always look for the positive in our lives and remember how much we miss our OES sisters and brothers and are looking forward to being together in chapter meetings again. Make this a great day and 'phone a friend'!

"Yesterday's the past, tomorrow's the future, but today is a gift. That's why it's call the present."
