

Dear Sisters and Brothers,

Hello again! I need to apologize to the membership as I have no inspiring words at this time. This week has been a very difficult one for me and my family. We thought we had all been so careful to wear masks, gloves and keep our hands clean. Cody is an essential worker for Brinks delivery and always takes care before coming to see us. Last Tuesday, he got a call that their daycare had two teachers that tested positive for Covid-19; they were my grandson's teachers. Cody's family was then required to be tested and the wait began. My grandson had already been running a fever with strep and Sweet Pea had a rash on her face. It has been determined that the rash is from her little mask, thank goodness. On Monday, the results were back and all were negative except for Cody. When I received his call it felt like my feet had left my body. I was talking to Sister Gay on the other line and I fell apart. I want to thank Gay for talking to me to calm me down and for putting out that prayers were needed. I have been told many times how strong I am but when something happens to your children, the mom just takes over.

Thankfully so far, Cody has shown no strong symptoms and is in quarantine in the maste bedroom. It is hard on the kids not seeing him but thank goodness for face time. I have gone over to deliver items needed and I pickup their mail every other day as the entire family cannot leave the house. I leave the items on their bench and the kids come to the window to wave, haven't seen them since the beginning of May. We now have to wait until June 12 th and then Cody can come out of quarantine. I want to thank everyone for the well wishes, cards and prayers, it means so much to all of us. It is wonderful to have Sisters and Brothers who care about us.

I hope that all of you are still getting calls and are staying safe. As you can see, it is very important to take precautions. Please continue to use your masks, gloves and whatever you need to keep healthy. All of you are my inspiration and I really love each of you. This was given to me and I want to share it with you. It shows us what we each stand for.

Eastern Star Life

To quietly speak in gentle tone, to stand for right though all alone, to have a purpose so high and pure, to reveal a faith both firm and sure, to walk with Him no matter where, to show others that we care.

This is the Eastern Star life.

Love always,
Christel AGC
