

Hello again Sisters and Brothers,

Hope this letter finds everyone still safe and healthy!

In our letters we have all wanted to make sure that our members know how much they mean to us. I truly hope that each of you have gotten our message and feel the love and friendship we are sending to you. Covid-19 has left many of us feeling defeated and closed in. At times, I too feel the same way. For the last two weeks, I have been going through storage boxes and both my closets to keep busy. I have several bags for donation and a lot more to go through. I have put it off for so long, it is like Christmas! At first, I just wanted to get rid of everything, but some of it is too special to do that! It is amazing what you find! Since I started this, time seems to be going by much faster now.

Our Zoom meetings have been so nice and it's awesome to see those that have participated. I hope that more of you will contact Sabrina and sign up for the next all member meeting. We may not be face to face, but it helps to see those that join us. I truly miss visiting with all of you.

My evenings are still spent watching Christmas movies. Thank goodness for Hallmark! They have extended the movies into August.

As many of you have probably seen on Facebook, today is my son, Cody's 30th birthday. On Monday, the 10th, the adoption of Sweet Pea will take place at 1:30 pm. How blessed we are!

Another month and hopefully the high temperatures will go down. It has been over 100 degrees for weeks now and I am ready for Fall to get here. I'm looking forward to cooler temperatures and putting out my Fall decorations. Sisters and Brothers, please continue to stay safe and healthy and remember if you need anything, we are here for you. God bless you until we meet again.

"Friends are like quilts, pieced together, attached with memories and bound

by love".

Star love,

Christel AGC
